

# About Ms. Ashlie

*I am a caring, energetic and creative person that loves working with kids! I have worked in licensed child care facilities for over 3 years including jobs at the Boy's and Girls Club, YMCA, KidSpa, and Bright Beginnings Home Preschool. I also have experience as a nanny! I have not completed my degree but I have taken many college classes in Business and Child Development. I also have done many childcare training hours and continue to more yearly.*

*After years of working with children, I knew I had found my calling in life and I thought there was more I could do for kids so I decided to open my own in-home preschool. I now create the lesson plans and run Ashlie's Imagination Station Preschool.*
